

Jazz up your slippers

Design your slippers to be as individual as you are! Colour, paint, stick, do whatever you like to design your own personal pair!

Decorate your slippers

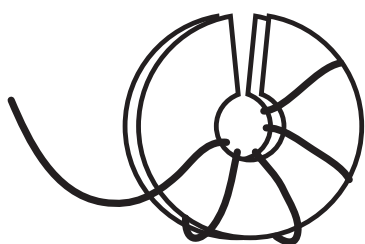

Jazz up your favourite pair with this fun pom pom

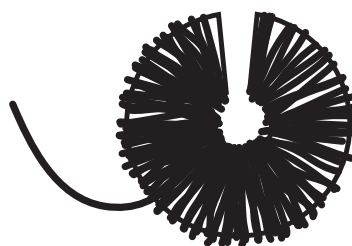

You will need

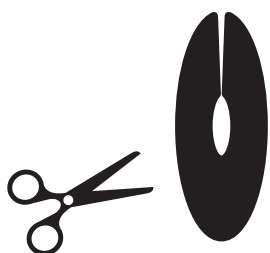

A ball of wool, a pair of scissors and two cardboard circles. You can use the template below.

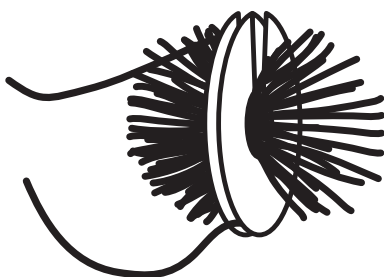

1. Match up the two circle templates and start to wrap your wool evenly around both circles.

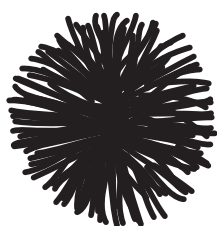

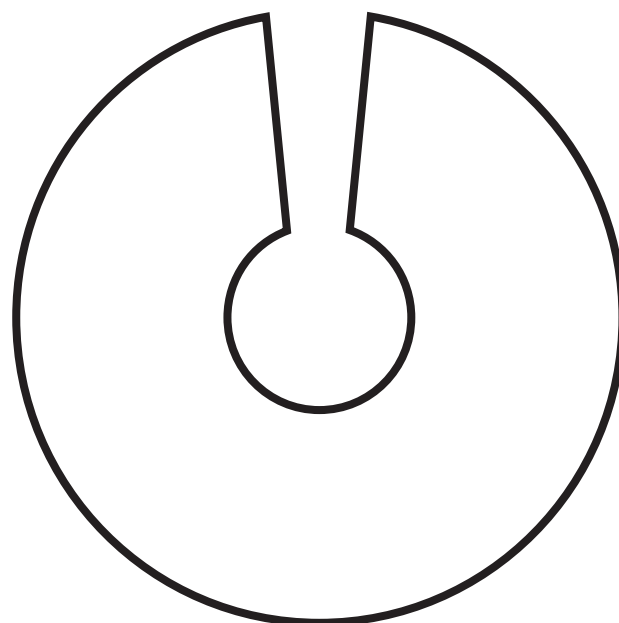

2. Keep wrapping around, ensuring the wool is spread evenly as you go. The more wool you can add, the thicker your pom pom will be.

3. Now you need to snip the wool between the two circle card pieces. Makes sure to hold on to the wool tightly in the middle as you cut.

4. Take a piece of wool around 20cm long and tie it tightly between the two circles. Once it's secure, you can remove the card circles.

5. If you wish you can trim the edges to make it nice and round. Now you have a finished pom pom!

Circle template. Suggested diameter for outside circle is 8cm, inside circle is 2.5cm. The bigger your circle, the bigger your pom pom.
