

NEW HOME ITEMS CHECKLIST

When moving into a new property, it is important to make sure you have everything you need to help you settle in, feel comfortable and feel at home. There are lots of things to consider; What do I need to bring? What do I need to buy? What's already there?

We've put together a checklist of all the items you might need in your new home to help keep you organized and on top of things. Many of these items might already be in the property if it is a furnished rental, but it is important to check to see what you need to buy or bring with you.
